

Heathwood 'treats' its kids

On Halloween afternoon, Heathwood Homes' Sales Centre at Traditions in Milton was transformed into an inviting haunt for ghosts, goblins and other trick-or-treaters, who were treated to spooky storytelling. Children listened with rapt attention as they heard tales that sent shivers down their

spines. There were plenty of laughs and squeals, too, as the kids had fun with the wacky witches who led the festivities.

Halloween storytelling is just one of many events held here throughout the year — many of which are geared to children — and also include holiday craft sessions and cooking classes.
