## HEATHWOOD HOMES

Exclusive collection of urban towns coming to Richmond Hill

Captivating brick and stone exteriors, space-maximizing interior designs, and luxurious features and finishes will soon be available in Richmond Hill, when Heathwood Homes launches sales at Hampshire Mews. This collection of urban towns will be situated in the amenity-rich area of Yonge Street, just north of Elgin Mills. There will be only 60 of these superbly appointed homes available, so now is the time to register to preview this community before it opens to the general public.

The possibility to come Home at Last® to a superb home in this coveted

location is just too good to pass up. Residents will be able to walk to movie theatres, coffee shops, the grocery store and other shopping along Yonge Street. Also, literally on your doorstep, you'll find public transit, and it's only a short walk to parks, schools, recreational facilities, entertainment and more. Golfers will have three nearby courses to choose from, and anyone needing to head north or south will appreciate easy access to Highway 404. Living at Hampshire Mews is like living downtown, minus the downtown prices.

Heathwood put a lot of careful thought into the Hampshire Mews

community design, which features a landscaped central amenity area for outdoor enjoyment. Ranging in size from just over 1,000 to more than 1,400 square feet, the urban towns will offer something unique for new home buyers in Richmond Hill.

Exterior designs are available with assorted combinations of architectural highlights. Some have arched and accent windows, keystones, peaked gables and soldier coursing, while others feature third-floor balconies and awning-topped portico entries with wrought-iron railings.

Interiors offer two- and three-bedroom layouts that maximize every square foot. Open-concept, main-floor living areas invite both casual and formal entertaining. Adding to the appeal, these homes are outfitted with Heathwood's high-quality standard appointments, which are often considered upgrades with many other builders. In addition, Heathwood will offer traditional townhomes at Hampshire Mews.

Heathwood Homes has been bringing communities to life for more than 40 years. The company has been responsible for building some of the finest new home neighbourhoods across the GTA and beyond, and has earned a reputation as a builder with a difference. Hampshire Mews embodies everything Heathwood stands for, from forward-thinking planning to extraordinary after-sales service, plus every step in between. ■
